Farming

1. Important areas to look at when considering share farming on a new conversion farm.

2. Planning areas to achieve success!

3. Potential pitfalls.

Important areas to look at when considering share farming on a new conversion farm.

- Have similar farming philosophies.
- Is or has potential to grow a lot of pasture
- Be confident you can all work together.
- Ensure facilities are going to be built to a high standard.
- Labour saving devices are employed.
- Be involved in planning and development

Planning areas to achieve success!

- 1. A hardworking and dedicated team.
- 2. If possible use your own cows or purchase cows with high genetics and from a similar system.
- 3. Good communication.
- 4. A realistic budget.

Potential pitfalls.

- 1. Not enough labour.
- 2. A disease out break.
- 3. Development problems or delays.
