

## Help plan for the 2017/18 season with the

# SEASONAL OUTLOOK SESSION

Hear about what the coming 2017/18 season may have in store for dairy farmers over a meal.

### **Guest speakers will include:**

**John Droppert** – Industry Analyst with Dairy Australia. John will talk about the latest situation and outlook for all dairy markets covering topics such as:

- Outlook for key dairy export markets
- What the domestic market looks like
- What has happened with milk supply within Australia and how this will impact the markets in the future.
- Latest farmer survey results.

**David James** – Climate Liaison with Bureau of Meteorology. David will join us to discuss what the latest Bureau's prediction are for the next 3 months and 12 months. The 3 month outlook will be released on June 29<sup>th</sup> and David will be able to explain what this outlook means for you and your business.

### ***Event Details***
