

Your Levy at Work

Taking Stock Program *To help set your farm on the right path*

TAKING STOCK of your business now will help set you up for next season and beyond.

Dairy Farmers in Tasmania have the opportunity to take advantage of the Taking Stock program which will be available over the coming months to help set your business on the right path.

The process will look at your farm's physical and financial information and analyse it to help you assess the current financial and physical health of your dairy farm business.

By registering for the program you will receive a half day farm visit from a trained advisor to discuss and review your business. These visits will help you understand your breakeven milk price and discuss management options to manage the current milk price reduction.

You can also get information that will help to:

- create an action plan to start your business on the road to recovery
- better understand your business performance
- manage your budget
- calculate your pasture consumption
- manage your balance sheet
- manage your people costs

The visit is also an opportunity to understand about other support services are available to assist you.

REGISTER NOW

Contact DairyTas on 6432 2233 or email admin@dairytas.net.au to register your interest and confirm a preferred advisor.

DairyTas is coordinating this program with funding from Dairy Australia and support from the State Government. All farm information will remain confidential and will not be recorded.
