

Improving Dairy Businesses through

Dairy Discussion Groups

Dairy Australia recognises that dairy discussion groups are vital to the health of our industry. Therefore funding is now available for both existing and new groups.

Up to \$3,000 per group per year is available to assist with the costs of:

- forming a new group
- employing a facilitator
- attending a group tour
- engaging a guest speaker
- taking part in a group training course

If you have a great idea for a group or are involved with a group that could use the funding to enhance the groups learning then please fill in the form over the page.

Each group application will be assessed based on the contribution to the industry and to the learning of the members involved.
